DKB-10

Keg Cooler Cabinet

DKB keg coolers have especially been designed to store 20L, 30L and 50L kegs or eventually bottle crates.

The panel construction of DKB keg coolers allows installation in narrow spaces like cellars. The keg cooler comes flat packed with a separate plug ready machine unit (DKB-MU).

SKB coolers have ventilated cooling (quick cooling effect), electronic thermostat with automatic defrost, adjustable feet, reinforced stainless steel bottom panels, exchangeable door seals. Silver coloured skinplate inside, anthracite coloured skinplate outside. Easy connection of beer hoses with tap through to pre-drilled holes on both sides of the device.
Simple service - completely removable

cooling unit.

The Energetic label indicates that the DKB machine unit is environment friendly (Natural refrigerant R290).

The picture is an illustration.

Parameters

Outer dimensions (wxdxh): 2200 x 980 x 1060 mm
Inner dimensions (wxdxh): 2120 x 885 x 950/980 mm
KEG capacity: 30 x 20l / 20 x 30l / 10 x 50l
