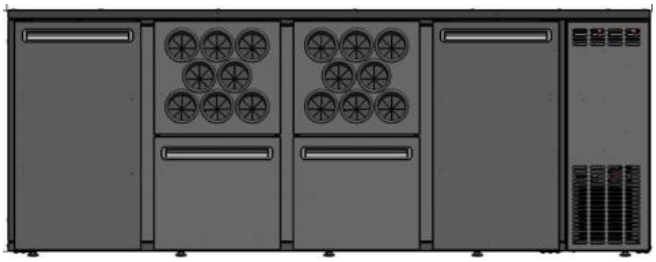
DCL-4 E-2112

Bottle cooler with drawers and bottle racks

Bar coolers DCL are the new standard in professional bottle cooling.
Based upon a few standard modules it offers a wide variety of possiblities.
Each cooler comes in the composition of your own choice with drawers, bottle racks, glassdoors, plug ready (MU).

DCL-4 E-2112 coolers with solid doors, drawers and bottle racks have ventilated cooling (quick cooling effect), electronic thermostat with automatic defrost, adjustable feet, exchangeable door seals, inner LED light also in drawers, 2 adjustable metal shelves for each door, fully extendable drawers on telescopic rails.

The maximum height of bottles in drawers is 340 mm.
Silver coloured skinplate inside, anthracite coloured skinplate outside.
Easy connection of beer hoses with tap through to pre-drilled holes on sides of the device.
Simple service - completely removable cooling unit.
The Energetic label indicates that the DCL machine unit is environment friendly (Natural refrigerant R290).



Option:
- lock on door and drawers
- glass door instead of solid door
